

REDEFINING RAIL RESOURCES

In-country technical resource solutions for UAE Rail

ABOUT EMRILL RAIL

As part of Emrill Services LLC, Emrill Rail stands at the forefront of innovation, redefining the UAE's railway industry with accessible rail technical resources and a commitment to delivering world-class services to clients.

Emrill Rail has been launched as a strategic partnership with Clemtech, a leader and specialist in recruitment and consultancy services for rolling stock and rail sectors. Integrating Emrill's extensive in-house team of highly skilled technicians and engineers with Clemtech's expertise in supplying experienced rolling stock resources, Emrill Rail removes the logistical challenges of working in the UAE with cost-effective, in-country technical resource solutions.

OUR RAIL RESOURCE PARTNERSHIP

Emrill Rail is a partnership that combines global rail expertise and in-depth regional market knowledge to deliver tailored solutions for the UAE's evolving rail sector, ensuring world-class service delivery and setting new standards of performance and reliability.

Work with us to benefit from Emrill's commitment to providing industry-leading facilities management services across the UAE for over 21 years and Clemtech's 25 years of expertise in global rail recruitment. By combining rail expertise with trusted in-country services, our global and regional clients can access the local technical skills to support their short or long-term commitments, removing the logistical and economic challenges of deploying in the region, safe in the knowledge they are working with experts with proven track records. Emrill Rail paves the way for transformative solutions tailored to meet the evolving demands of the UAE rail industry.

Redefining the
landscape of accessible
rail technical resources

ABOUT CLEMTECH

Clemtech is a leading technical recruitment specialist that finds the right people to work in the sectors that matter. With 25 years of experience, we are proud to be leaders in our field.
